(0000000) Training Center 2023-01-25 18:32	<div>- Результати необхідно описувати згідно теми за принципом "Що? Де? Коли?", відповідаючи по порядку на ці питання.</div> <div>- У темі та результатах потрібно вказати, яка саме помилка відображається без застосування слів "некоректно/коректно", "невірно/вірно", "правильно/неправильно", "incorrect/correct", "wrong/right". Наприклад: Зображення товару розтягується (Що?) у формі "Надіслати другу" (Де?) після натискання кнопки "Відправити" (Коли?).</div>

Потрібно акцентувати увагу на сам елемент з дефектом.</div>
